Blessing Our Neighbours Delightfully

Proposal Submission 2026

What are Joyful Centre and BOND about?

- **Joyful Centre** serves as VCEFC's doorway for connecting our multilingual congregations with our multicultural neighbourhoods. Its primary goal is *to make neighbourhood care part of the church's everyday mission*. It promotes our neighbourhood ministries and provides our congregants with opportunities to develop and participate in them.
- **BOND** stands for "Blessing Our Neighbours Delightfully." This initiative is designed to streamline the process of submitting neighbourhood ministry proposals and to minimize the administrative burden on participants. By handling logistical tasks such as registration, facility booking, scheduling, and community promotion, BOND allows ministry teams to focus time and energy on their primary purpose: blessing our neighbours delightfully.
