 - Spiritual Leadership in the Books of Moses** (Hansel Wang) - While most of the textbooks on leadership in general and church leadership in specific focus on the organizational aspects of goal, objective, mission, relationally, span of control, team and teamwork, etc., this course will explore the significance of spiritual leadership in the Divine Presence that develops an individual of Abraham to the nation of Israel and from a group of slaves wandering in the desert to a generation of free people ready to take possession of the Promised Land in the first five books of the Bible.

However, before they can ever be effective in the spread of the gospel, there must be the empowering by the Holy Spirit.

Ephesians 3:17-19 - (May) Christ dwell in your hearts through faith—that you, being rooted and grounded in love, may have strength to comprehend with all the saints what is the breadth and length and height and depth, and to know the love of Christ that surpasses knowledge, that you may be filled with all the fullness of God. - Amen
