5. **Sunday School: Fall Semester 6 - December 6**

   End Times - The Return of the King by Pastor Joseph Yu
   - This course explores the study of "last things," including death, judgment, the afterlife, and the end of the world. By the end of class, you will understand how ideas about the future shape human hope, belief and daily life today.

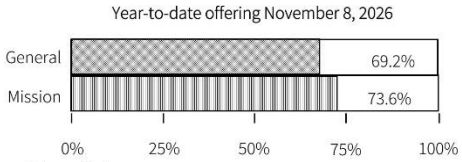

Introduction to the Bible by Hansel and Andrew
- "The Bible and How Not to Read It" is the first course in reading the Bible for understanding. It consists of two parts. The first part examines the nature of the Bible (the Old and the New Testaments)—addressing the role of the Bible in believers' lives, its origins, and its transmission. The second part explains how the Bible should be read correctly (2Ti 2:15). As the Bible is an ancient work of literature written over two thousand years ago under the inspiration of the Holy Spirit, modern readers must approach it with humility, deference, and care.

Philippians by YC Ip
- Paul's Epistle to the Philippians is one of the most personal and theologically
concentrated of Paul's letters. It is a relatively short (less than 2100 words with 104 verses) letter, but it provides answers to such important questions as: Christian identity, Christ's humility and exaltation, the Church community, Christian joy and prayers and the ultimate Christian hope.

6. Please email the 2026 bilingual annual reports from each department to the church office at admin@vcefc.org. The submission deadline is December 18th (Friday). If translation is required, please submit it by December 11th.
